With over \$15 trillion of FIAT traded on LMAX Group exchanges to date and printing in excess of 200K trades per day for Institutional clients in over 100 countries, our technology is transforming the world's largest financial market, global FX, through transparent, fair, precise and consistent execution. Now we are doing the same in the crypto market.

LMAX Digital is built on that same proven exchange technology, playing a prominent role in shaping and developing the market structure for institutional cryptocurrency trading. Our trading spot volumes are published daily, enhancing the quality of market information available to investors, providing a credible overview of the spot cryptocurrency market.

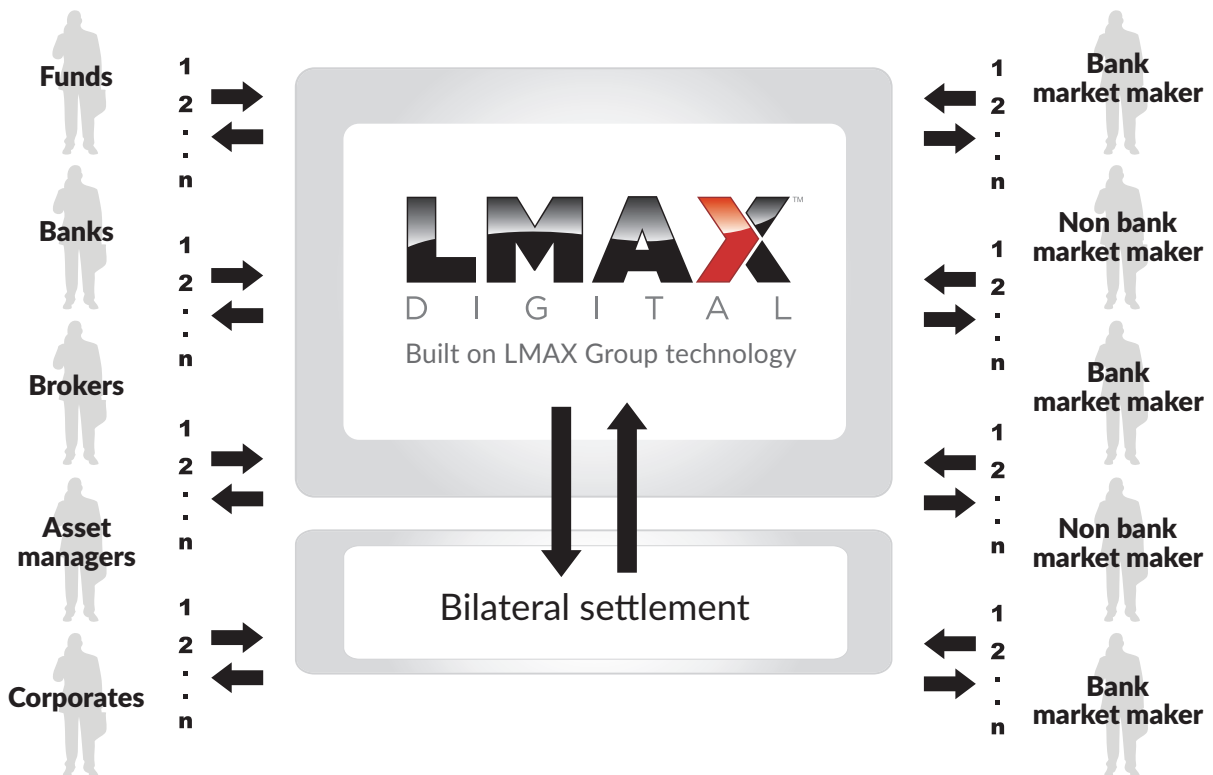

LMAX Digital also contributes real-time market data to the industry's leading reference rate indices and provides real-time volume data feeds to major institutional analytics providers.

Delivering complete transparency, open access and a level playing field for all cryptocurrency market participants - LMAX Digital ensures a secure and trusted trading environment.

## **Ensuring global Institutions acquire, trade and hold cryptocurrencies safely & securely**
